THERE'S CHANGE AHEAD

IT'S INEVITABLE. IT'S THE ONLY CONSTANT: *Change*

AT ANTHONY DEFRANCO SALON & SPA, WE LOVE CHANGE,

IN FACT, *We Encourage Change*

You may be itching to try something new, or simply wondering if the grass is really greener on the other side of the fence. In any event, make a change.

Whether it's trying a new way to wear your hair, switching to a different stylist, test-driving a new hair color, or weaving in extensions, we applaud you for changing. On our end, we love to try new things and meet new people. So don't be shy. Make a change. If you don't like it, you can always make another change, or change back. But sometimes, you just need to try something new. That's the one unchanging fact...

Long Island's best kept secret, *Revealed*

THERE'S CHANGE AHEAD
